*Eastern Michigan University, Ypsilanti, Michigan*

- Majoring in Computer-Science

---

## TECHNOLOGY SUMMARY

**Programming:** Java, SQL, Python, C#, C++, C, Matlab, Bash

**Software:** Unity Game Engine, Android Studio, VSCode, Eclipse, Qt Creator, Microsoft Office Suite

**Systems:** Windows (all), Linux, Macintosh OS X (basic)

**Active Member of Wolverine Soft** – September 2014 – 2016

*University of Michigan, Ann Arbor, Michigan*

Wolverine Soft is a University of Michigan student organization focused on video game development.

- Participated in multiple 48 Hour Game Jams where teams of four students create a video game from scratch based upon a predetermined theme within a 48 hour time period. Games are judged based upon gameplay, visuals, audio, creativity/originality, polish/bugs, and adaption of theme.
- Awarded 2<sup>nd</sup> Place at the Shammy Jam which had a theme of "Change" (Winter 2015). As team leader, in addition to programming, I delegated the various game development responsibilities to team members including myself.
- Awarded 3<sup>rd</sup> Place at the Pumpkin Jam which had a theme of "The Hunt" (Fall 2014). As team leader, I delegated the various game development responsibilities to team members.

---

## ADDITIONAL WORK EXPERIENCE

**Field Technician** – 2010, 2011, 2012

*Somat Engineering, Taylor, MI*

- Responsibilities included soil sampling and compaction tests, onsite concrete and asphalt sampling and testing at various job sites including the Detroit Metropolitan Airport.

**Buser** – 2013

*Meadowbrook Country Club, Northville, MI*

- Responsibilities included event setup and takedown, closing and table busing.

**Event Staff** – 2017 - Present

*Eastern Michigan University, Ypsilanti, MI*

- Worked directly with building managers to provide mission critical, quality customer service to the EMU Student Center customers.
